

NOTICE OF INTENT TO ADOPT AN IS/MND

The Capital SouthEast Connector Joint Powers Authority (Connector JPA) proposes to reconstruct Grant Line Road to an access-controlled four-lane expressway with a center earth median and an adjacent Class 1 bike/pedestrian trail on the west side between White Rock Road and Jackson Highway, also known as the Connector Project.

As the California Environmental Quality Act (CEQA) lead agency, the Connector JPA has studied the environmental effects and the Initial Study demonstrates no significant affects on the quality of the environment with mitigation incorporated.

This Initial Study/Mitigated Negative Declaration (IS/MND) is available for a 30-day public review and comment period from **March 31 to May 1, 2017**. The Connector JPA plans to adopt the IS/MND for the project following the public review period.

When complete, this important multi-modal improvement project will relieve local and regional traffic congestion and improve safety for travelers and corridor property owners creating enhanced mobility.

WHAT'S AVAILABLE?

The proposed IS/MND and other project information will be available for review and comment at the Connector JPA Office on weekdays between 9:00 a.m. and 4:00 p.m. from **March 31 to May 1, 2017**.

The IS/MND will also be available for review and comment online at www.ConnectorJPA.net as well as:
